

PUBLIC NOTICE

Air Quality Certificate of Registration and Authority-to-Construct Permit for Honstein Oil Company

Honstein Oil Company has submitted an authority-to-construct air quality permit application to the Air Quality Division (Division) of the City of Albuquerque Environmental Health Department for a new permit. This permit is for a bulk gasoline plant located at 101 Anderson Ave. SE in Albuquerque, New Mexico. The owner of this facility is **Honstein Oil Company**, 11 Paseo Real, Santa Fe, NM 87507. This application file has been assigned Permit #3131.

The facility is an intermediate fuel distribution facility where delivery to and from an underground storage tank is by cargo tank truck.

The maximum air pollution emissions to the atmosphere from this facility have been estimated to be:
Volatile Organic Compounds (VOC) – 40.0 lbs/hr – 2.26 tpy

The Division expects to initiate formal action on this permit application by February 7, 2014. However, the final writing of the permit will be reserved pending receipt and analysis of any additional details or information developed during the public comment. Interested persons may submit written comments or request a public hearing on Permit #3131 to the Air Quality Division, Air Quality Services, P.O. Box 1293, Albuquerque, NM 87103. Comments will be accepted and considered if postmarked by February 3, 2014.

A copy of the permit application is available for inspection by the public at the Division offices, which are located at One Civic Plaza, Room 3047. For more information call Regan Eyerman, Permitting Scientist at (505) 767-5625.

NOTICE FOR PERSON WITH DISABILITIES: If you have a disability and/or require special assistance, please call (505) 768-2600 (Voice) and special assistance will be made available to you to review the above referenced application. TTY users call the New Mexico Relay at 1-800-659-8331 and special assistance will be made available to you to review the above referenced application.
